Year Theme - Caring and Serving

This year, our school is dedicated to the theme of 'Caring and Serving', focusing on nurturing relationships and looking out for one another. The theme was brought to life with a recent Parent-Child Bakery Activity. More than just baking, this event provided a dedicated space for 'Caring' through quality time together. As parents and children worked side by side to knead dough and decorate pastries, they practised patience, communication, and mutual support. This hands-on experience highlighted that serving those closest to us—starting with our own family—is the foundation of a compassionate community. The joy shared in the kitchen was a beautiful reflection of the love and care we strive to cultivate in our students throughout the school year.

Wellness Week: 'Never Mind. Level Mind'

From 25 February to 4 March 2026, 'Never Mind. Level Mind', a special week dedicated to student wellness was held. The goal was simple: to help students step back from daily stress and build a more positive, focused mindset for the future.

The week was packed with activities that balanced learning with hands-on fun:

Learning and Connection

- Digital Wellness:** New display boards were set up around campus to teach students about the risks of internet addiction and the harm of cyberbullying. These boards offered practical tips for building healthy online habits.

- Peer Bonding:** Lunch breaks were buzzing with energy at our game stalls. Activities like 'Shall We Talk', 'Soul Prescription', and various board games gave students a chance to relax and connect with friends through friendly competitions.

- **True Light WishTree:** A highlight of the week was our 'WishTree'. In this activity, students were invited to write their personal goals and wishes on cards and hang them on the board, creating a beautiful display of our school's shared aspirations.

- **The True Light Postbox:** A popular spot for students to share encouraging messages and stay connected.

- **Family Ties:** On Parents' Day, we introduced special game booths to help parents and students bond, building stronger trust and communication at home.

Finding 'Flow' Through Creativity

To help ease academic pressure, we held handcraft sessions where students made hand-woven bracelets. In particular, these activities were designed to help students reach a state of 'flow'—a mental state in which they can focus entirely on a creative task, giving their brains a much-needed break from schoolwork.

The turnout for 'Never Mind. Level Mind' was fantastic! Lunch breaks saw peak attendance and high engagement with our information boards. Many students shared that the crafts and games provided a perfect 'breather' from their busy schedules.

By combining digital safety, creative relaxation, and family time, this initiative did more than provide a week of fun—it gave students practical tools to stay balanced and 'level' throughout the school year.

A big thank you to everyone who participated and made the week so meaningful!

▲ Teachers' Cheering Station decorated with PERMA positive psychological elements

▼ Lunchtime handcraft activities for teachers and students to make their own bracelets or pendants

▲ S6 'Full of Blessings, Embarking on a Bright Future' Blessing Gift to provide S6 students with support to face HKDSE examinations

To encourage students to develop healthy and active lifestyles and to promote fitness and physical well-being in a supportive atmosphere, the school launched the whole-school programme 'Fun & Fit Friday' in October 2025. This initiative provides more opportunities for both students and staff to exercise, transforming the campus into a hub of energy and sports spirit.

Each Friday, students and staff are encouraged to put on their sports gear and dive into a variety of fun exercises and activities. On the first Friday of every month, the school bursts to life with themed sports days featuring friendly competitions among students, staff, and parents, along with fresh sports experiences, lively performances, and dynamic demonstrations that create a buzz of excitement. We encourage everyone to get involved, bring their enthusiasm, and help make every Friday a joyful celebration of fitness. Parents are also cordially invited to join and share the joy of sports, actively supporting our students through their participation.

GlowFit Corner - The New Fitness Spot in school

Adding extra spark to 'Fun & Fit Friday', the school has unveiled the GlowFit Corner in the Mini-hall. This vibrant name, 'GlowFit', captures the spirit of radiating health and energy through movement.

Packed with user-friendly fitness equipment for every fitness level, the GlowFit Corner invites students and staff to engage in regular physical activity. Its bright, inviting vibe motivates everyone to weave exercise into their daily routines, lighting up both their bodies and minds.

Since its launch, the GlowFit Corner has sparked excitement across campus, quickly becoming a favourite hangout. It boosts not just fitness, but also the school's vibrant, energetic spirit.

Staff Development Programmes

Induction Programmes for Newly Appointed Teachers

The programme is designed to support newly appointed teachers in adapting to the school environment, enhancing their professional competence, and fostering a strong sense of belonging within the teaching community.

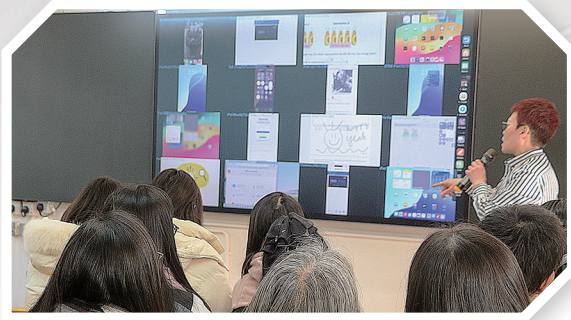

The programmes include:

1. Orientation programme
2. Briefing on Guidance and Discipline affairs and holding Life-Wide Learning activities
3. Briefing on the use of WebSAMS
4. Briefing on the roles of Class Teachers and assessment procedures
5. Interflow of newly appointed teachers

Programmes Aligned with the School Development Plan

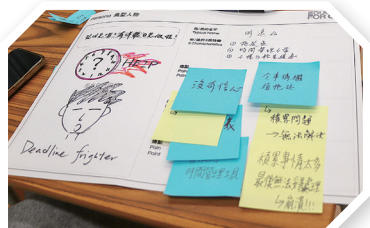

As part of our School Development Plan, a series of enriching programmes has been introduced to strengthen learning and teaching. The Interactive Smart Board Training Workshop empowers teachers to harness technology for engaging lessons, while the Interactive Design Thinking Seminar cultivates creativity and problem-solving through collaborative activities. The Integrating the UN Sustainable Development Goals (SDGs) into the Classroom Workshop equips staff with strategies to embed global citizenship and sustainability into everyday teaching. In addition, all staff have visited the National Security Exhibition Gallery and the Commemoration of the 80th Anniversary of Victory in the Chinese People's War of Resistance Against Japanese Aggression and the World Anti-Fascist War, fostering historical awareness and civic responsibility. Together, these initiatives enhance teachers' innovation, deepen pedagogical skills, and support holistic student development.

Embarking on a Voyage of Grace: 'Unlock Your Dream in True Light'

As our newest True Light daughters step through the school gates, they are not just starting a new academic chapter; they are embarking on a lifelong journey of sisterhood and self-discovery. This year, our S1 students participated in 'Unlock Your Dream in True Light', a year-long orientation programme thoughtfully led by our alumna teachers. Beginning in July and unfolding throughout the year, the programme gently bridges the leap from primary to secondary school, inspiring our girls to live the school's core values and unlock their unique potential in a vibrant, meaningful school life.

Setting Sail: The Inauguration Ceremony

The voyage began in July during the Pre-S1 Bridging Programme. At the opening ceremony, Principal Mui and our Alumna greeted the newcomers with heartfelt warmth, sharing the inspiring legacy of our founder, Harriet Newell Noyes, and the history of True Light Seminary. In a poignant symbolic gesture, students folded delicate paper boats, inscribed with their dreams and goals for the coming six years. As they pinned their boats onto a sweeping 'sea' on our display board, the girls symbolically launched their voyage together, guided by the 'Light of Truth' towards their bright destinations.

My first year at True Light Girls' College featured a standout activity in September. Amidst unfamiliar faces, we folded paper boats inscribed with our dreams. I shared my passion for writing fairy tales before sticking mine on a board. Seeing our collective aspirations create a colourful display was captivating, leaving our dreams there, waiting to be fulfilled.

1B Wong Tsz Yau

During the boat-making activity, we made paper boats and wrote our dreams on them, symbolising our dreams sailing to reality. This experience set the tone for the rest of our journey: let these paper boats be the first step in transforming our deepest visions into tangible achievements.

1D Chan Yuet Kiu

Tradition Reborn: True Light Decryption

In early September, the campus buzzed with excitement during True Light Decryption. Guided by their S4 seniors, S1 students navigated a campus trail that brought our most cherished traditions to life. This was not just a tour; it was an immersive experience. From the lively cheers of the cheerleading squads to the harmonious notes of the True Light songs, and from the solemn torch-passing to the unity of forming the six-pointed star, the girls forged bonds through every challenge. These activities served as a 'vibrant key', helping the newcomers cultivate the True Light spirit and unlock the unique legacy they now inherit as part of our sisterhood.

The 'True Light Decryption' activity was unexpectedly memorable for me. We followed instructions and visited different rooms to complete fun games and workshops. As an introverted student, adapting to a new school was challenging, but the event let me explore the campus and bond with classmates through shared games. I hope this meaningful event continues to help more students.

1C Pang Hei Yin

I'll always remember the day S1 students had their first group activity during an early assembly—it was so much fun! We completed a task-filled sheet; the fastest finisher won a prize. Tasks included posing by the fishpond like a goldfish and skipping for a set time. The most memorable was finding missing pieces of the True Light crest in a classroom because teamwork helped me locate them all. It was an unforgettable day that taught me the value of working together.

1D Lai Wing Yan Kaylie

Our Roots: Guangzhou Heritage

Building on these cherished memories, our students journeyed to Guangzhou True Light Middle School for a unique cultural excursion in November. They first entered the storied Century Building, which has stood tall for over a century, and there, the girls felt a deep connection to our roots.

Afterwards, they shared meals and lessons with their Guangzhou 'sisters', before heading to Taotaoju, a renowned dim sum restaurant, where they learned to craft har gow (shrimp dumplings), a treasured piece of Cantonese intangible cultural heritage. The day ended with new friendships and discoveries to remember.

I still remember standing on stage with pride, delivering a speech on behalf of our school. I learned a great deal from Guangzhou True Light Middle School. I gained knowledge and sincere friends. The trip revealed differences between Guangzhou and Hong Kong. True Light built up a bridge for us to learn about the cultures of the two places. It was a precious, unforgettable moment in my school life.

1A Ngai Lai Wing

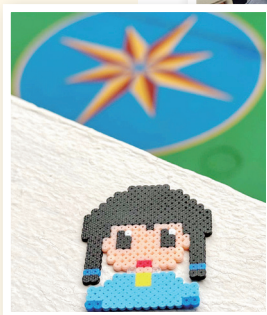

The visit to Guangzhou True Light Middle School left a deep impression on my friends and me. We met our Guangzhou buddies, participated in team activities, and had lunch together. At Taotaoju, we learned to make har gow—thin-skinned, fresh, and delicious—though shaping them perfectly proved challenging. Through these activities, I learned the power of teamwork: united effort brings great results and personal growth.

1C Casagrande Julia

Sisterly Bonds: Inspiration and Creativity

In March, the True Light Legacy journey blossomed with a speech delivered by Suki Fong, one of our celebrated 'True Light Star Awardees' and one of the 10 awardees of the 'Future Leaders Award 2025'. After she shared treasured memories from her school days and heartfelt wisdom on facing life's challenges with resilience, the spirit of sisterhood flourished as S4 students guided S1 girls in creating vibrant Perler bead patterns of the iconic 'True Light Girl'.

Suki's speech was inspiring. Her confidence, built on success, shone through. As our senior, she urged us to step out of our comfort zones and try new things to find our own path. Through science competitions and activities, she gained rewarding experiences and expanded her circle. Her journey proved that once we find our path, we can all become lights in the world.

1A Tang Ping Ping

My favourite activity at school is definitely True Light Girl bead making. I remember using tweezers to grab each bead and match it to the photo. It required a lot of patience, but it was still very satisfying to put all the beads together. Even though it took a long time to make, the result was worth the time and effort.

1B Tse Tinyu Kenice

A Future Full of Light

The programme culminated this May with a final reflection, where students looked back on their growth since folding their paper boats in July.

'Unlock Your Dream in True Light' is more than a series of events; it is the foundation upon which our S1 students build their identity as True Light girls—shining brightly and pursuing their dreams with courage and grace.

Students' Outstanding Achievements

From Schoolboards to International Stages: Growing as an Artist

5C Leung Lok Yin

Art has always shaped how I understand and remember life. I have loved art from a young age; it is central to who I am—a passion that tires my hands but never my mind. For me, art is about creating, preserving memories, appreciating daily beauty, and holding important moments close.

Over the past five years in secondary school, I have built a strong portfolio of projects, boards, and publication designs, all reflecting my dedication to art. Building on this foundation, in senior secondary, I have served as academic secretary for Red House and the Student Union, where I applied organisational and collaborative skills to creative work.

Three achievements best show my artistic progress and recognition. Notably, I won the 2024 Picasso International Youth Art Competition's Golden Spark Award for a modern cityscape in acrylic, which was exhibited at the Louvre. In addition, I captured daily family joy in a drawing that earned me the 2025 Happy Moments Drawing Competition prize from the International Cultural and Arts Association. Finally, at the 2025 Odyssey of the Mind World Finals at Michigan State University, our team created artistic props that impressed the judges even though we did not place.

These experiences have shaped my creative approach and motivate me to keep exploring visual storytelling.

Finding My Voice – A Journey to Future Leaders 2025

4B Fong Shun Ki

With only ten selected, I kept asking myself, 'Why not me?'

I was one of only 10 students in Hong Kong to receive the 'Future Leaders 2025' Award from The Outstanding Young Persons' Association. The award ceremony took place on 24 January 2026 – a date I will never forget.

As I stood on that stage, bathed in warm lights and applause, all my nerves and self-doubt melted away in an instant.

This sense of relief brought back memories of the gruelling journey—four rounds of presentations, group discussions, and interviews. There were moments I questioned if I belonged, but standing there, trophy in hand, I realised I did.

I know I earned this award with hard work and courage. I am proud, humbled, and deeply thankful.

Growing Through Service in the Road Safety Patrol

4C Ng Tsz Ching

This year, I am deeply honored to have been selected as the Most Outstanding Road Safety Patrol Member in Hong Kong. This recognition is not only an important milestone in my Road Safety Patrol journey, but also a great encouragement for me to continue striving for excellence in both service and leadership.

As the Vice-Chairperson of the school's Road Safety Patrol team in Secondary Four, I have had the privilege of leading my teammates with dedication, discipline, and perseverance. Together, we achieved excellent results this year: we won the Championship in West Kowloon District Annual Parade Drill Competition and received the First Runner-up Award in the Hong Kong Road Safety Patrol Annual Parade Competition. These achievements mean a great deal to me, as they reflect not only my own commitment, but also the unity, teamwork, and determination of our entire team.

Looking back on my journey, I am grateful for the many opportunities Road Safety Patrol has given me to grow. Over the past four years, I have taken up different leadership roles, serving as External Secretary in Secondary Two, Internal Secretary in Secondary Three, and Vice-Chairperson in Secondary Four. Through these roles, I have strengthened my leadership skills, learned the value of responsibility, and understood the importance of serving others with commitment.

In addition to this year's honor, I also received a Bronze Award in the Outstanding Member Election of the West Kowloon District last year. I have obtained various badges throughout my service, and I was further encouraged by receiving the Hong Kong Road Safety Patrol (School Team) Scholarship 2025 in recognition of my performance. Beyond Road Safety Patrol, I am also a member of the school's Flag Raising Team, and I had the valuable opportunity to participate in the flag-raising ceremony at Golden Bauhinia Square. This experience further inspired me with the strong spirit of teamwork and devotion to service.

To me, proactivity and perseverance are the cornerstones of success. With this belief, I will continue to serve the school wholeheartedly, contribute to the Road Safety Patrol, and strive to bring even more pride and glory to True Light Girls' College.

Striving Through Challenges: Rope Skipping and Growth

2B Chung Uen Ting

As a dedicated athlete with a passion for sports, I have been involved in rope skipping and running since primary school and now represent the Hong Kong China Rope Skipping Team. In addition to rope skipping, I also run.

Throughout my athletic journey, I have encountered various challenges and pressures. Through resilience and perseverance, I have managed to overcome them. I am convinced that obstacles are an inherent part of growth. By continuously striving and adapting my strategies, I can overcome these challenges and progress toward success.

My commitment, self-discipline, and dedication to ongoing improvement have allowed me to become a strong representative of the Hong Kong China Team. As an athlete, I believe effective time management is essential for maintaining both physical health and academic achievement.

Guided daily by the principle of 'never giving up', I apply this mindset in both my professional and personal life. It shapes who I am and how I approach challenge.

Words from Outstanding Graduates of Last Year

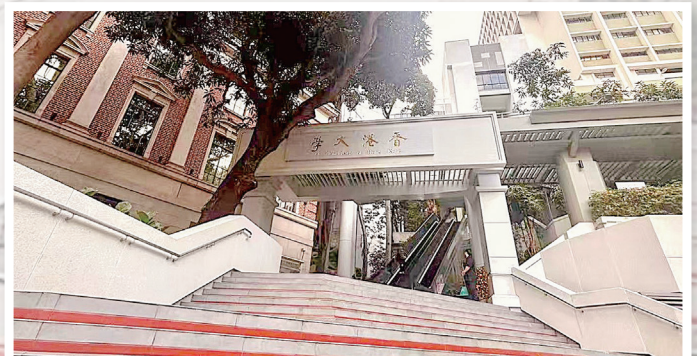

Built on True Light: Academic Success and Personal Growth

Hung Lai Yee (6C 2024-25)

Halo! I'm Cali, an Actuarial Science student at the University of Hong Kong (HKU), where I thrive academically and personally. My studies in mathematics, statistics, and financial theory challenge me daily, and my university life is enriched through dynamic lectures, collaborative projects, and enlightening industry events. Embracing friendships of diverse cultures at HKU has greatly expanded my worldview.

None of this would be possible without the foundation of True Light. The nurturing environment, dedicated teachers, and holistic education there built my confidence and perseverance, enabling me to succeed at university and beyond. I am deeply grateful to my beloved alma mater, True Light Girls' College.

To my fellow True Light sisters: TLGC is where you'll experience remarkable growth, make lasting friendships, and overcome challenges. Don't hesitate to seek support from your teachers, senior sisters and peers who are always there to support you. Trust your abilities—shine your brightest and go forth with confidence to craft your unique wonderful story! Believe in your journey ahead—your light will inspire others.

Perseverance and Compassion: My Path from True Light to HKU

Mok Miu Yan (6B 2024-25)

Hi, I am Christy Mok, a first-year student studying Medicine at HKU. Meeting friends from diverse backgrounds, pursuing a field I'm passionate about, and joining various societies have all shaped my demanding yet fruitful university experience. As an Executive Committee member of the Medical Society, I have gained valuable opportunities to connect with others and strengthen my leadership and soft skills. Living at R.C. Lee Hall has also broadened my horizons, allowing me to meet peers from different majors and faculties.

I am deeply grateful to my alma mater for its encouragement and support. True Light laid a strong foundation for my personal and academic growth, instilling in me the values of perseverance, integrity, and compassion. The trust and care I received from my teachers and sisters continue to motivate me, especially during challenging moments in my studies.

To my younger sisters at True Light—cherish your school days, seize every chance to learn, and don't fear making mistakes. Stay curious and kind, and believe in your potential. With determination and faith, your journey will go farther than you can imagine.

Discovering What I Love: From TLGC to CUHK

Zhang Yuk Yiu (6C 2024-25)

Hi! I am Yuki, a student in the Quantitative Finance and Risk Management Science programme at the Chinese University of Hong Kong (CUHK). Even though I do not hold any posts in any society committees, my university life has turned out far more intriguing than I ever expected: chatting with international friends, helping out with college activities, and—most importantly—fully devoting myself to something I'm genuinely passionate about.

I understand the importance of grades and how demanding life can be, with deadlines and extracurricular activities piling up. Nevertheless, it remains essential to explore your personal interests and talents. Don't limit yourself solely to academic achievements—life offers so much more. Consider participating in workshops or courses, or even watching informative videos online. For me, a course in mathematics ignited my interest, but everyone discovers their passions differently.

Words can't describe how grateful I am to TLGC—but I have to say, True Light is the place that saw me grow up and go through my youth. Here, I received unlimited support and guidance, experienced both joy and tears, and made many memories I will never forget. To my sisters at True Light: I hope you all cherish and enjoy every single moment here.

家長教師會活動

家長教師會第二十六屆周年大會及第二十七屆委員選舉

本年度家長教師會周年大會於2025年10月4日（星期六）舉行，大會內容包括校長和候選家長委員分享，並頒發嘉許狀予過去一年的家長委員，感謝他們為真光付出，以及選出新一屆執行委員會家長委員。此外，當天有幸邀請飛鏢工房有限公司(The Darts Factory Limited)及其教育中心飛鏢學堂(TDF Academy)創辦人及行政總裁——徐詠琳女士於是次大會作家長講座專題演講嘉賓，講題為「生涯規劃——家長篇」。整個講座十分成功，超過100位參加者出席，可見家長非常關心子女在校的學習情況及校園生活。

飛鏢親子同樂日

為了讓學生和家長在考試後輕鬆一番，家長教師會舉辦「飛鏢親子同樂日」，一同體驗嶄新投擲飛鏢活動，以及共享溫馨愉快的親子時光。是次活動由徐詠琳女士（飛鏢工房有限公司及其教育中心飛鏢學堂創辦人及行政總裁）親自指導參加者，各人均投入參與，活動氣氛樂也融融。

親子電影欣賞會

為培養學生正面價值觀及增進親子感情，家長教師會舉辦「親子電影欣賞」活動，觀賞由梁詠琪、陳湛文、凌文龍等主演的勵志電影《逆轉上半場》。當日更有幸邀請該電影導演——黃柏基先生為參加者分享電影製作心得，並通過電影主題：「以成年人的下半場，扭轉小朋友的上半場」，鼓勵每一位真光女兒，即使面對人生逆境，亦要勇於克服逆境挫折，抱持電影金句「只要一日唔認輸，就一日都未輸」的奮鬥精神，為往後人生打下紮實基礎。

中六惜別會及水果日

家長教師會於中六惜別會上贈送畢業生小禮物——「星星手捧」及解壓按鍵匙扣，祝福中六學生順利畢業，邁向人生另一階段；同日舉辦水果日，向全校學生派發水果，鼓勵全校學生多吃健康水果，練就健壯體格。

Alumna News

Alumna Footprints: Returning to Our Roots

Our esteemed alumnae continue to inspire and engage students, touching hearts with their passionate stories and talents, and proudly celebrating the enduring legacy of True Light Girls' College.

▲ Ms Tsui Ka Wing, Kathy and Dr Mui

The school welcomed alumna Dr Reverend Chan Hoi Yan as the officiating guest for our Thanksgiving Service and S1 Form Association Inauguration Ceremony, sharing her inspiring journey from a theology student to Director of Development in the Chinese Mission Seminary.

Alumna Tsui Ka Wing, Kathy, founder of 'YOHO', served as the guest of honour of the Speech Day, discussing her school days and entrepreneurial experiences in an alumna interview.

Jessica Chan, an alumna and singer, led young artists in a vibrant concert—One Cool Music x TLGC School Tour in the school hall. She engaged with students, teaching them her signature dance and offering encouragement. The event was met with enthusiastic cheers and applause, energising the campus.

▲ Dr Chan Hoi Yan and our Principal, Dr Mui

Alumnae Association Initiatives: Welcoming and Supporting Our Students

Unlock your Dream in True Light (16 July 2025)

Dr Mui, on behalf of the Alumnae Association, welcomed new S1 students with unique souvenirs, integrating them into the True Light family. S4 student Fong Shun Ki, Suki and alumna Hung Lai Yee, Cali, the awardees of the True Light Star Award 2024-2025, joined to inspire and encourage the new students during an activity session.

Farewell to S6 Graduates (25 February 2026)

To show support for our DSE candidates, the Alumnae Association prepared special Omamori, designed and crafted by alumnae, to bless our S6 students.

True Light Alumnae Association

Volunteer Service Activity (27 September 2025)

A visit to Haven of Hope, Wu Ping Care and Attention Home, included comforting activities, games, singing, exercises, and gift-giving, with the participation of alumnae and teachers, embodying True Light's spirit of care.

▲ Alumna Manager

Alumnae Association AGM (17 January 2026)

Chairlady Ms Li Wing Sze hosted the AGM and announced that Dr Cheryl Mak had been elected as the new Alumna Manager.

Alumna Mentoring Programme Launching Ceremony (17 January 2026)

The Programme has invited 44 alumnae to join as mentors. The Launching Ceremony featured the committee members of the Alumnae Association and 17 alumna mentors warmly engaging with over 100 S5 students, sparking excitement and encouragement. The event was well-received and left a meaningful impact, fostering strong, positive connections.

Homecoming Day (17 January 2026)

The annual Alumnae Homecoming Day, filled with laughter, featured the 'True Light Academy', where alumnae and students shared fun classes and tea gatherings. Together, they crafted Y2K-style bead strings, explored paper-cutting, and spent heartfelt moments sewing and creating sachets. Over fifty participants left with treasured memories, 'graduation certificates', and joy in their hearts, reflecting on a truly unforgettable, laughter-filled day.
